Re: Folcroft Landfill/ Lower Darby Creek Area Site
Piasecki Aircraft Corporation
April 17, 2002 Response to EPA Information Request

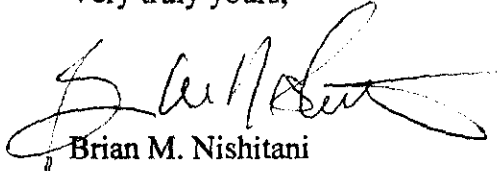

Dear Mr. Lasak,

We spoke on April 17, 2002 regarding EPA's information request letter dated April 15, 2002. During that conversation, I indicated to you that EPA had unearthed waste hauler tickets from 1974-1976 and that the Piasecki Aircraft Corporation was included on one or more of them. Perhaps I did not make myself clear when I suggested that Piasecki start its search of information by focusing on that time frame. The information in your response on behalf of Piasecki seems limited to that time frame.

I would appreciate your reviewing EPA's information request letter and answering the entire list of questions. EPA is interested in learning, for example, how long Piasecki has been in existence (Question 1); what is/was the nature of Piasecki's business between 1958 and 1976 (e.g., for periods when it did have a machine shop); and what waste handling arrangements did Piasecki make between 1958 and 1976 (Question 8).

Please provide a response by June 21, 2002 or, if that is not enough time, please contact me to discuss a reasonable response date. Thank you for your attention to this matter.

Very truly yours,
